Report on – Teacher's Day Celebration 2026

Title: Teacher's Day Celebration 2026

Date:07 September 2026

Time: 3:00 pm- 5:00 pm

Venue: EXTC Lab-08

Organizing Department / Committee / Authority: IETE-DBIT-ISF

Faculty Coordinator: Mrs Namita Agarwal

Objectives:

- To provide students with an opportunity to express gratitude and appreciation towards teachers for their guidance and mentorship.
- To develop students' leadership, teamwork, communication and organizational skills through planning and conducting the event.
- To strengthen student–faculty interaction and foster a positive and respectful academic environment.

Outcomes:

- Students demonstrated leadership, teamwork, communication and event-management skills through active participation in organizing the programme.
- Students developed greater respect and appreciation for the role of teachers and mentors in their academic and professional growth.
- The event enhanced student–faculty interaction and camaraderie within the department.

Mapped Program Outcomes:

PO8 – Ethics

Students promoted and demonstrated respect, gratitude, and professional responsibility toward teachers and mentors.

PO9 – Individual and Team Work

Students collaboratively planned, coordinated, and conducted the event by sharing responsibilities and working as a team.

PO10 – Communication

Students developed and demonstrated effective verbal, interpersonal and presentation skills through event hosting and faculty interaction.

PO11 – Project Management and Finance

Students planned, organized and managed the event by allocating responsibilities, coordinating activities and utilizing resources effectively**.**

PO12 – Life-long Learning

Students developed organizational, interpersonal, and event-management skills through experiential learning, encouraging continuous development beyond the classroom.

SDG Mapping:

SDG 4 – Quality Education

The event strengthened the student–faculty relationship and appreciation of mentoring, contributing to a positive, supportive, and inclusive learning environment.

SDG 16 – Peace, Justice and Strong Institutions

The event promoted respect, mutual understanding, ethical behaviour, and positive relationships among students and faculty, supporting a harmonious academic environment.

SDG 17 – Partnerships for the Goals

Encouraged collaboration, teamwork and interaction between students and faculty through activities organized by IETE-DBIT-ISF.

Detailed Report:

The Teacher's Day celebration was organized by IETE-DBIT-ISF on 7 September 2026 for the faculty members of the Electronics and Telecommunication (EXTC) Department. All the faculty members of the EXTC Department including the teaching and non teaching staff members were invited to the celebration, along with the Principal, Dr. Sudhakar Mande.

The celebration was planned as an interactive and engaging event, providing teachers with an opportunity to take a break from their regular academic responsibilities and participate in a range of fun-filled activities in an informal and cheerful environment. The event focused on promoting interaction, teamwork, creativity, and camaraderie among the faculty members.

A variety of activities based on electronics, creativity, memory, observation, and entertainment were conducted during the celebration. One of the activities was an Electronics Crossword, which introduced a technical element to the celebration.

The activity tested the participants' knowledge of electronics-related concepts in an enjoyable manner while encouraging teamwork and interaction within the groups. Another activity involved guessing electronic components drawn using the left hand. Participants had to identify the components based on the drawings, making the game both challenging and humorous. The activity encouraged creativity and resulted in several entertaining moments.

A Flowchart Memory Game was also conducted. Participants were required to observe and memorize a given flowchart and subsequently reproduce it. The activity tested observation, concentration, memory, and creativity while maintaining a light-hearted atmosphere.

The celebration also featured the classic Musical Chairs game. The activity brought an energetic and cheerful spirit to the event, with teachers participating enthusiastically and enjoying the friendly competition.

Following the activities, tea and snacks were served. The refreshment session provided an opportunity for everyone to relax and interact informally in a pleasant and friendly atmosphere. As a concluding gesture, IETE-DBIT-ISF presented a token of love to the teachers which included a memento along with heartfelt messages, representing the students' affection and recognition of the teachers' contribution to their academic journey.

The Principal and faculty members appreciated the efforts taken by the students in planning and conducting the celebration. They acknowledged the students' enthusiasm, creativity, teamwork, and coordination, and expressed their appreciation for the well-organised and engaging manner in which the activities were conducted. The faculty members also appreciated the thoughtful gestures and efforts made by the students to make the celebration enjoyable and memorable.
